SHUANGCHENG TZU COMPLEX A

COMPLEX A WAS COMPLETE WHEN FIRST OBSERVED ON PHOTOGRAPHY IN 1961, AND CONSISTED OF TWO LARGE LAUNCH PADS, A-1 AND A-2. IN THIS VIEW A TYPICAL EXERCISE IS OBSERVED.

PHOTOGRAPHIC AND OTHER AVAILABLE EVIDENCE INDICATES THAT SEVERAL MRBM FIRINGS HAVE TAKEN PLACE AT PAD A-1 SINCE 1961, WHILE PAD A-2 HAS BEEN USED ONLY AS A PARKING AREA FOR GROUND SUPPORT VEHICLES AND EQUIPMENT.

COMPLEX A REMAINED ESSENTIALLY UNCHANGED UNTIL A THIRD, SMALLER LAUNCH PAD, A-3, WAS CONSTRUCTED BETWEEN APRIL AND OCTOBER 1967. (NOT SHOWN ON GRAPHIC)
